on the Armed Services and Labor Committees. The Republicans stripped Morse of these assignments after he bolted.
 Morse's vote could become decisive if Gov. Frank Lausche of Ohio, a Democrat, names a Democrat to succeed the late Sen. Taft (R-Ohio). That would give the Democrats a 48-47 advantage over the Republicans. Morse could make it 48-48, and Vice President Nixon could break the tie in favor of the GOP.
 Even with a one-vote margin, there is doubt that the Democrats would attempt to take over Senate control unless further deaths or resignations should give them a clear majority of 49.
 Sen. Lyndon B. Johnson of Texas, the Democratic leader, has indicated to friends he wants no part of a responsibility that would be secure only through the vote of a non-party member, in this case, Morse.

Returning Prisoners Say Red Brutality Continued to Armistice

By STAN CARTER
PANMUNJOM — Returning American prisoners today accused the Communists of continuing brutality and torture right up to the armistice—but behind closed doors where they could not be seen.
 Of 144 exuberant Americans freed from Red prison camps today, many were captured in the first few weeks of the war. Some said they had been beaten and tortured almost until the truce July 27.

The Communists also turned over 4 British, 2 South Africans and 250 South Korean prisoners.
 The South Africans sported six-inch beards.
 The Americans were laughing and happy. They seemed to be the most jubilant group of prisoners to return so far in the 24 days of Operation Big Switch.
 The Communists promised to return 145 more Americans, 3 Turks, 2 Australians and 250 South Koreans Saturday.
 Friday's delivery brought the number of Americans returned to 2,422 of the 3,313 the Reds said they held. The Reds have sent back a total of 9,819 of the 12,776 Allied POWs they listed.

Some Americans returned Friday told of an infamous North Korean death march early in the war when a French nun was dragged through the streets of a town and shot. Pfc. Reuben K. Kimball Jr. of Baytown, Tex., said he watched the bitter spectacle. He said he saw the Reds kill 30 American prisoners, all but 13 of them wounded men.

Sgt. Robert K. Gilmer, 20, of Richmond, Va., said the Chinese brutality at Camp 3 was not all out in the open. Other prisoners said the punished men seldom spoke of the mistreatment after returning to their compounds, fearing that collaborators might report them to the Reds.

The plot of a U.S. spy shot down in November, 1950, was taken to Manchuria for six days with three other survivors for questioning.
 The flier, Capt. Billy B. Foshee, 28, of Bowling Green, Ky., said more than 200 Air Force officers held at his prison camp No. 2, are now at the Red exchange grouping point of Kaesong, awaiting repatriation.

Another American, Cpl. Thomas Kappel, 21, Homestead, Pa., said he saw Maj. Gen. William F. Dean, captured U. S. 24th Division commander, at a prisoners' athletic meet in Pyoktong in November, 1952. There still was no indication when the Reds would free Dean.
 As the last of the day's prisoners were being exchanged, the Joint Military Armistice Commission met at Panmunjom.
 Maj. Gen. Blackshear M. Bryan, chief U. N. delegate, asked that

Sen. Knowland Wants Japan

unions group, now has made up his mind to take one of these places.
 This action would dash the hopes for one of them, Sen. Plandora (R-Vt.), since custom bars two members of the same party from the same state from sitting on this committee.
 Sen. Capehart (R-Ind.), who has seniority over Flanders, apparently is in line for the second vacancy. Length of Senate service is the major factor in determining committee assignments.
 If Aiken takes the foreign relations post, he is expected to give up a place on the Senate Labor Committee, of which Taft also was a member.
 The Republicans who claim these two vacancies conceivably could alter the complexion of a committee now regarded as likely to take a middle-of-the-road approach to proposed changes in the Taft-Hartley Act. Taft and Aiken favored such an approach.

Indian troops who will guard prisoners unwilling to return home be granted the right of movement into and out of the neutral zone. The Communists agreed.
 An advance Indian unit moved into the demilitarized area Friday. It was a medical group which has been in Korea almost three years.
 The main body of Indian troops, about 5,000, is enroute to Korea aboard troopships and is expected to move into the demilitarized zone about Sept. 7.
 Bryan said the Indians may arrive at Panmunjom by helicopter, circumventing South Korean objections to landing on South Korean soil. A spokesman said they would be transferred from their ships to an aircraft carrier and flown in from there.

 Cpl. George A. Maryea, Leicester, Mass.

Seaman Demands Somebody Find His Girl Friend
NEW YORK — A seaman reigned over a scene of confusion today by perching atop a 30-foot lamppost and demanding that somebody find his girl friend and bring her to him.
 Christopher McDonald, 24, of New York, stayed aloft for an hour as though in a crow's nest, then finally shinned down at the estrifery of a priest.
 By that time, hundreds of pedestrians had gathered below him.

Thirty policemen arrived with nets. Traffic became snarled. Sleepy-eyed residents of nearby apartments, awakened by honking horns, screamed for quiet.
 "Why don't you come down," shouted Patrolman Michael Littman.
 "If you get my girl, Mary, I'll come down," said McDonald. Then he added:
 "I'd rather die young than grow old without her."
 Mary was not identified.
 McDonald ignored all pleas and suggestions until Msgr. John J. O'Connell came along and said:
 "I'll help you find her. Come on down. I have to get to a 7 o'clock mass."

Another Girl Missing from Wellesley Home
WELLESLEY, Mass. — Penelope Plotze, 19, blonde college student, was reported missing today by her parents who said the girl had left Marblehead yesterday to bicycle home.
 A second-year student at Bouve-Boston, where she is majoring in physical therapy, the girl had been working for the summer at the Eastern Yacht Club at Marblehead.
 The girl's father, Herman, talked with her yesterday by telephone at 3 p.m. She was reported seen passing through Lynn about 4:30 p.m. She is 5 feet, 8 inches tall, weighs 150 pounds and has light blonde hair.
 Penelope is the second college girl from Wellesley to disappear in a week. Earlier, Sylvia Plath, 20, a Smith student, was the object of a wide search. She was found in the basement of her home, victim of an overdose of sleeping pills. She is reported in good condition in Newton-Wellesley Hospital.
