Missing Girl Found Under Own Porch

WELLESLEY, Mass. (AP) — A pretty 20 year old Smith College senior—who vanished Monday after telling her mother she was going hiking—was found yesterday semi-conscious but apparently uninjured under the porch of her home.

While searchers fanned out in a widespread search, **Sylvia Plath** was located by her brother, Warren, 18, and her grandmother, Mrs. Aurelia Schobar, 66, who heard moaning coming from the cellar of their home.

The girl was found behind a pile of lumber in a tiny space under the porch, through which entrance is gained by a 2 1-2 foot opening about five feet above the cellar floor.

Police Chief Robert McVey said an empty water jar and a container of eight sleeping tablets were found by the girl's side. He said the bottle had contained 48 tablets when full.

Her mother, Mrs. Aurelia S. **Plath**, a Boston University professor, said her daughter recently had been depressed because she felt "she was unworthy of the confidence held for her by the people she knew."

Miss **Plath** was taken to Newton-Wellesley Hospital where a spokesman described her condition as "fair." The spokesman added that she had "suffered no apparent serious injury."

50 Planes To Land At New S

From The News-Journal Bureau
NEW SMYRNA BEACH — A last minute change in plans will bring the Southeastern Breakfast Club, with at least 50 planes, here for the Florida Flying Farmers Convention Saturday and Sunday.

The group, a tri-State organization from Georgia, South Carolina and Florida, wired Aviation Chairman J. Max Massey they will fly here instead of going to Daytona Beach as had been planned.

Massey received official notice of the change from Charles E. Patilla, Athens, Ga., president of the organization. Patilla said at least 50 planes, with 100 people, would fly here. They are scheduled to arrive Sunday for the fly in breakfast and other activities.

The Club also plans contests of its own Sunday afternoon, augmenting those already set by the Flying Farmers.

Massey said the organization grew from the Jacksonville Aero
