

Firm Backing Given New Italian Setup

ROME, Aug. 25 (AP)—Italy took a vacation from political crisis today with its new government firmly—but temporarily—backed by both houses of Parliament. The regime is pledged to do nothing about such controversial questions as European unity, the European army and land redistribution.

Premier Giuseppe Pella, Christian Democrat financial expert and a steady friend of the West, won a confidence vote in the Chamber of Deputies last night by 100 votes.

Previously he had won a decisive victory in the Senate.

With this hurdle safely passed, the 51-year-old Pella went to work to give Italy what he described as a "business" government, and the Chamber of Deputies began a month's vacation.

For the rest of the summer, at any rate, it appeared the nation might enjoy a semblance of political calm.

Pella won the deputies' backing by emphasizing his was only a temporary government, pledged not to bring up any major policy questions. He said he stepped into the breach caused by the downfall of former Premier Alcide de Gasperi's eighth cabinet only to get a new budget passed and to deal with

other urgent administrative affairs. The chamber backed the Pella cabinet last night 315-215 with 44 deputies abstaining. Three center parties, the Christian Democrats, Liberals and Republicans, and the right-wing Monarchists supported it, while the Communists and the pro-Moscow left-wing Socialists opposed.

Members of the neo-Fascist Italian Social movement (MSI) and the Democratic Socialists abstained.

Missing Girl Student Object Of Police Hunt

WELLESLEY, Aug. 25 (AP)—A missing 20-year-old Smith College honor student, daughter of a Boston University professor, was sought today after leaving a note that she was "going for a hike."

Mrs. Aurelia S. Plath told police her daughter, Sylvia, said in the note that she would return today.

Mrs. Plath, who reported her daughter missing yesterday afternoon, said Sylvia has been "nervous" and under a doctor's care for several months.

The girl is scheduled to enter her senior year at Smith College next month. As a junior she was editor of the Smith Review, the college magazine, and a member of the school's press board. She has sold several short stories and poems to magazines and other publications.

Rain New Menace To 'Quake Area

ARGOSTOLION, Greece, Aug. 25 (AP)—Impending autumn rains threaten new disaster to 130,000 earthquake victims on Greece's three devastated Ionian islands. American and British rescue officers said today.

They warned that only speedy completion of the Greek government's temporary housing program on the islands of Cephalonia, Zakynthos and Ithaca could stave off further widespread suffering when the rains begin in mid-September.

The Athens government announced last week it was prepared to spend about 35 to 30 million dollars in the islands, laid waste by a series of destructive quakes that began two weeks ago.

The warnings of the possible new crisis came as Gen. Dimitrios Latrias, chief of Greek rescue operations, announced that an estimated 130,000 persons were homeless after the quake disaster.

The death toll has not been officially determined but the most reliable estimates place it around 1000. Hundreds of other persons were injured.

Minor earth tremors have continued daily since the initial shocks. Although not strong, the tremors add to the islanders' fears that big quakes will come again.

expect the Republic of Korea to practice."

Pyun excused the bitterness of his attack on the ground that Korea is "near to death," and "people who have been very near to death are usually terribly frank . . . I feel somehow that I shall not have enough chances to be frank before I die."

"What India has done," he continued, "is mainly appeasement to the Communist aggressors. What India has not done is an active contribution to our concerted effort to stop that aggression."

"India sent not one single soldier to defend freedom. It has now willingly dispatched thousands of troops to guard what the Kremlin created with much of its own devotion in the midst of the free world, the Communist incursion where tens of thousands of poor, defenseless anti-Communist prisoners will be indoctrinated or brain-washed into communism for many long months."

Pyun first told the committee his government "finds it next to impossible to collaborate with India on the same side." Later he and Lima told reporters the South Korean government took the position such collaboration is "impossible," not just "next to impossible."

Thunderjet Fighter Smashed To Bits

FRANKLIN, Va., Aug. 25 (AP)—An F84 Thunderjet fighter, plunging inexplicably out of control while rocketing along at better than 500 m.p.h., plunged into a woods near here yesterday and was smashed to smithereens.

Early today, air force investigators still were sifting through the wreckage in an effort to identify the craft beyond any doubt as an F84 listed as missing from nearby Langley Air Force base.

The missing Thunderjet took off from Langley, piloted by Lt. Walter P. Blanton, 23, of Bridgeport, Conn., only 48 minutes before the crash. No one saw the pilot bail out when the screaming jet rained fire on the earth 1 1/2 miles southeast of here. So complete was the wreckage that early today no large piece of the plane had been found, nor had the body of the pilot.

When the jet crashed it did a 15-foot loop before hitting the woods, a crater that was 20 ft. 10 feet wide
