Second Wellesley Girl Student Listed Missing

WELLESLEY, Mass. (AP)—Penelope Plotze, 19, blonde college student, was reported missing today by her parents who said the girl had left Marblehead yesterday by bicycle home.

A second-year student at Bouve School of Physical Education Boston, where she is majoring in physical therapy, the girl had been working for the summer at the Eastern Yacht Club at Marblehead.

The girl's father, Herman, talked with her yesterday by telephone about 5:45 p. m. She was reported as passing through Lynn about 4:30 p. m. She is 5 feet, 8 inches tall, weighs 150 pounds and has light blonde hair.

Penelope is the second college girl from Wellesley to disappear in a week. Earlier, Sylvia Plath, 20, a Smith student, was the object of a wide search. She was found in the basement of her home, victim of an overdose of sleeping pills. She is reported in good condition in Newton-Wellesley Hospital.

Neighbors Protest Damage Done By Downtown Blasts

Blasting operations for the foundation of a house being built near the old quarry on Bateman Avenue have brought protests from residents of the area.

Police said that Albert Buccì of 8 Hammond St. was blasting a ledge for Fred Peiron of 17 Walnut St., who is having the house built. They said that Frank Smith of 1 Walcott Ave., complained that plaster fell from an archway between his dining room and kitchen and also on a wall leading to a bedroom.

John L. Murphy of Vaughan Avenue told police that slate shingles on both side of his roof were damaged and Mrs. Nora Lynch of 25 Vaughan Ave. complained that tar shingles on her front porch had been damaged. She said that she was sitting in her home just below the porch reading the Daily News about 6 p. m. yesterday when a blast went off. Flying stones imbedded themselves in the shingles of the roof and are still there, she said.

Robert J. Weir of 307 Albany Ave., Tacoma Park, Md., who is visiting in Middletown, told police that a stone was blown through the windshield of his car parked near the quarry. Police also said that a stone about six inches long was found imbedded in the ground for half its length about 500 feet from the scene of the blasting.

According to Fire Chief Abel S. Eldridge, who is keeper of the city powder house, Peiron called him up yesterday and said that Buccì, who has been dynamiting for about 30 years and who does it for the public works department, was going to use small amounts at a time and that every precaution would be taken. Chief Eldridge said no permit is required for this kind of work.

Policemen's Widows Ask Pension Reimbursement

Seven petitioners, whose husbands were on active duty with the police department when they died, have filed a request with City Clerk John P. Fitzgerald that they be reimbursed the amount of money paid into the police pension fund by their husbands.

The Representative Council in August adopted an ordinance, retroactive to 1945, providing that the money paid into the pension fund by firemen who later died on active duty, should be reimbursed to their families. No mention was made of policemen at that time.

Majority Leader Ray H. Durfee said today that he has conferred with Lt. John E. Murray of the police department relative to the amounts paid in by the husbands of the petitioners. Murray, he said, agreed to work overtime to get the figures before Tuesday's council meeting.

The petition filed today was signed by the wives of Capt. James J. Palmer, Sgt. Joseph S. Dugan, Sgt. Cornelius Sullivan, Patrick Sullivan, Robert Scott, Inspector Patrick Clune and Peter O'Neill.

Harriman-Preston Memorial Golf Tournament Staged At Newport Country Club

Philip Stevenson and John N. Stearns, with a net score of 51, were tied with Howard G. Cushing and Charles Bacon when the modified Pinehurst golf tournament, best 11 of 13 holes, was played at the Newport Country Club yesterday. It was for a trophy given by Rodman Wanamaker in 1930 in memory of Joseph Harriman of Newport and Leslie Preston of New York. The tournament, started in 1930, had been played on Long Island courses previously.

Meade Barr of Narragansett and Quincy Howe of Southampton, who had a net of 52, were tied with Rodman Wanamaker and William H. Hunter for second.

The 20 contestants were guests of Beverly A. Bogert at Gooseberry Island for luncheon. Edward McIvaine and Crawford Hill had charge of a dinner at the Clam-bake Club. The players later went to the Newport Reading Room for boccehi competition.

Four Autos Damaged In Intersection Crashes

Cars were extensively damaged in two collisions here Thursday evening, but no injuries resulted.

Police said collision occurred about 5:45 p. m. when a car driven by Frank R. Freeman of Oliphant Lane, Middletown, headed east on Van Zandt Avenue and an auto operated by Phillip F. Green, 23, of the Melville Trailer Park in Portsmouth, proceeded north on Third Street through the intersection. Both operators reported damage of more than \$100 to their cars.

Police said Green told them he was proceeding across the intersection on a green "go" signal from the corner traffic light.

Total damage of about \$100 resulted in a collision at the Kay Street—Eustis Avenue intersection early Thursday night. Wilhelm Schuler, 79, of Brooklyn, N. Y., was heading east on Kay Street and Virginia Moore, 34, of Stockton Drive, Middletown, was driving north on Eustis Avenue when the collision occurred.

New Pill Helps Rejuvenate Aged, Physician Reports

SAN FRANCISCO (AP)—Dr. Robert Pearlman reports a pill costing from 30 to 40 cents has been "strikingly effective" in rejuvenating the health of old folk.

The San Francisco physician told the Gerontological Society yesterday that 150 middle and old age patients, after taking the capsule regularly, showed marked improvement in kidney and bladder disorders, sight, hearing, arthritic joints and drying skin.

The pill, he said, contains male and female sex hormones plus nutritious substances.

The results, he said, were "strikingly effective in practically arresting these problems of the aged."

Pearlman added that laboratory tests showed improvement in heart action, muscular strength, liver function and blood cell counts.

He did not compare his experimental group with another, but chose instead to use all the aged in the community as a comparison, he said.

South Koreans Ran Clark For Lifting Sea Defense

SEOUL (AP)—South Korean officials today criticized Gen. Mark Clark's action in lifting the Korean sea defense zone yesterday.

"We will officially protest the unilateral action," said Adm. Sohn Won Il, defense minister, pointing out that the zone was set up after mutual consultations.

In Tokyo, Korean Minister Yung Shik Kim said his government would continue enforcing the "fishery conservation and peace zone"—South Korea's version of the defense zone.

Two fears lie behind South Korea's attitude: That Red intelligence and guerrilla agents will find it easier to land; and Japanese fishermen will swarm into Korean coastal waters.

Japanese claim that General Clark's action in proclaiming the defense zone last September cost Japanese fishers 20 million dollars.

Wild boars imported from Europe by sportsmen now run wild in Tennessee, North Carolina and California.

Priest Entices Seaman From Perch Atop Pole

NEW YORK (AP)—A seaman reigned over a scene of confusion today by perching atop a 30-foot lamppost and demanding that somebody find his girl friend and bring her to him.

Christopher McDonald, 24, of New York, stayed aloft for an hour as though in a crow's nest, then finally shimmyed down at the entreaty of a priest.

By that time, hundreds of pedestrians had gathered below him at Eighth Avenue and 23rd Street. Thirty policemen arrived with nets. Traffic became snarled. Sleepy-eyed residents of nearby apartments, awakened by honking horns, screamed for quiet.

"Why don't you come down," shouted Patrolman Michael Littman.

"If you get my girl, Mary, I'll come down," said McDonald. Then he added:

"I'd rather die young than grow old without her."

Mary was not identified.

McDonald ignored all pleas and suggestions until Mgr. John J. O'Connell came along and said: "I'll help you find her. Come on down. I have to say a 7 o'clock mass."

McDonald hesitated. The crowd became silent. Then he clambered down. He was taken to Bellevue Hospital for observation.

PLAY'S GOAT WANDERS OFF

The goat that plays Mrs. Twigg in "Mr. Roberts" was missing this morning at the Casino Theatre, but a hurried search expedition located the animal at a nearby gasoline station, munching dog biscuits.

Francis M. Mahard Jr., theatre scenic designer, notified Charles Burnes, theatre manager, and the police that the goat was missing.

William Randall, the gas station operator, found the goat at 6:30 a. m. and had John Nagle and Frank Carroll aid him in keeping the animal in check until the theatre people arrived.
