Food Skirmish Lose Scurfish With Red Cops

By JOSEPH FLEMING
United Press Staff Correspondent
BERLIN (U) — Hungry Germans are reported to have been seen in the Red field suburb of Berlin today to have their American "Eisenhower" food packages for confiscation.

The Communist police in the suburb of Berlin today reported that the hungry Germans rebelled when squads of the Red "People's police" tried to confiscate their parcels in the suburban Babelsberg elevated railroad station.

Hundreds of men joined in the attack, the League said, and beat up policemen until reinforcements were called.

In the end, it was reported, the police cleared the station but abandoned their attempt to confiscate the food packages.

A well-informed West Berlin newspaper reported that the Communists had threatened to use force if the Germans were not carried out a planned mass march on Berlin to get the American food.

U. S. Budget Cut Hailed As Step Toward Tax Cut

By CHARLES F. BARRETT
WASHINGTON (U) — Congressional leaders today hailed a new, downward curving Eisenhower administration budget as a step toward lower taxes and a clincher against raising the federal debt limit now.

The new budget scaled down by two billion dollars the estimates of just a few months ago that had spending, the deficit and the national debt for this fiscal year, ending next June 30.

Secretary of the Treasury Humphreys, the new budget placed a punch, said the picture is now brighter than the administration's "best expectations." We have definitely turned the corner," he told a news conference yesterday.

Humphrey said: 1. Barring unexpected changes in the picture, it will not be necessary to call Congress back at a special session to raise the federal debt ceiling. That question was left up in the air when the lawmakers recessed four weeks ago.

2. The administration will propose a balanced budget for the next fiscal year.

3. Chances have lessened that further increases in total revenue will be needed to reach that prime goal of the administration. But officials are considering all sorts of tax changes, including a national sales tax.

The figures showed the peak has passed in spending by the military forces. This year's cash outlays were listed at \$41,700,000,000, two billion under last year's rate. But foreign aid and atomic energy spending will reach a new crest this year, with substantial reductions scheduled next year.

The figures were released in the light of congressional appropriations, the end of the Korean War and new administrative surveys:

Like "Just Loafing" On First Day Of Real Vacation

By MARYV L. ARROWSMITH
FRASER, Colo. (U)—President Eisenhower, enjoying his first full-time vacation in more than a year, planned to "just loaf" today at a secluded ranch here in the Colorado Rockies.

The President drove from Denver yesterday to the ranch of Axel Nielsen, an old friend. He intends to stay through next Tuesday.

White House press Secretary James C. Hagerty told newsmen accompanying Eisenhower that the chief executive had decided to wait until tomorrow to do any roughing it.

A sore elbow which developed while he was fishing at Pine, Colo., last week was keeping the President from St. Louis Creek, which flows through the ranch area.

"He is going to do nothing but just loaf today," said Hagerty. Reporters were not permitted at the ranch itself yesterday or today, but they could enter the area tomorrow.

With the President are Nielsen, retired Gen. Lucius D. Clay board chairman of Continental Can Co.; Charles H. Tompkins, a Washington friend; and Mrs. Eisenhower's mother, Mrs. John S. Doud.

Another College Girl Missing From Wellesley

WELLESLEY, Mass. (U)—Phoebe Plotz, 19, blonde college student, was reported missing today by her parents who said the girl had disappeared from Wellesley.

Total government spending of \$72,100,000,000 this year; receipts of \$68,300,000,000, leaving a deficit at the end of the year of \$27,100,000,000. The legal debt limit is 27 1/2 billions.

These figures compare with a May estimate by Eisenhower that spending would pass \$76 billion and the deficit would pass \$36 billion. He had forecast that the debt would wind up two billion higher.

The budget was \$16 billion below the 'spending program outlined by former President Truman in his final budget message to Congress last January. It was 2 1/2 billion below actual spending in the year ended last June 30.

The deficit was six billion less than forecast by Truman and \$16 billion less than last year.

From the standpoint of total cash income and outgo, including social security funds and other special accounts not counted in the regular budget, the deficit was estimated at only one-half billion dollars.

That is the figure economists usually choose in measuring the effects of government finances on inflation. Humphrey said the cash budget actually may be balanced under President Eisenhower's re-election for still further economies.

He added that cost of living figures, showing one-half of one per cent increase in the past year, present "the most optimistic demonstration of a stabilized economy we could have."

House Speaker Joseph W. Martin (R-Mass.) said the summer of '53 had good news for the American people. The determined effort to reduce expenses and bring the budget into balance is bearing fruit. A balance of the budget can begin to look forward to a decrease in taxes and that will be a stimulant to prosperity."

had left-Marblehead yesterday to bicycle home.

A second-year student at Bouve-Boston, where she is majoring in physical therapy, the girl had been working for the summer at the Eastern Yacht Club at Marblehead.

Bouve-Boston is an affiliate of Tufts.

The girl's father, Herman, talked with her yesterday by telephone and she said she was on her way passing through Lynn about 4:30 p. m. She is 5 feet, 8 inches tall, weighs 150 pounds and has light blonde hair.

Phoebe is the second college girl from Wellesley to disappear in a week. Earlier, Sylvia Plisk, 20, a Smith student, was the object of a wide search. She was found in a room in the Alcatraz prison, in San Francisco Bay.

A fourth follower was picked up late last night, 100 miles away. All were jailed quickly—one of them in grim Alcatraz prison, in San Francisco Bay.

Sixteen FBI agents in camouflaged jeans caught Robert George Thompson and Sidney Steinberg in a cabin 1,000 feet up in the rugged Sierra Nevada, about 200 miles west of San Francisco.

Their arrest climaxed a relentless two-year manhunt.

Thompson, one of the '11 Communist leaders convicted in 1951 of violating the Smith Act, was ruffled to Alcatraz. He disappeared two years ago when ordered to face trial in New York.

He will serve that three years at another prison, the FBI said.

Steinberg, convicted in 1947 as a "second string" Red in 1951 on similar Smith Act charges, was jailed here on \$100,000 bail. He will be arraigned for removal proceedings to face trial in New York.

Steinberg protested the bail was excessive. U. S. Commissioner Joseph Karsch replied "It isn't for the first time such a long time, since 1951."

not to force the resolution to a decision.

His announcement was greeted by applause from U. S. Delegate Henry Cabot Lodge Jr. and other opponents of India, but Soviet Delegate Andrei V. Vishinsky did not applaud.

New Zealand's Leslie Knox Munro took the floor on behalf of the sponsoring powers and said they were withdrawing the resolution "with great regret."

Lodge welcomed Munro's move as the gesture of a "great representative of a great leader of a great nation." He said the decision of India was "generous and statesmanlike."

FBI Rounds Up Top Commies In California

SAN FRANCISCO (U)—Two fugitive Communist leaders and three alleged satellites, charged with harboring them in a remote mountain hideout, were swept up in a dramatic capture yesterday by FBI agents posing as campers.
